The Political Checker Board.

The voters are watching with much interests the game that is being played on the political checker board and are expecting some important moves to be made in next few days or maybe weeks. It is said, that it is more than probable two or more candidates for minor offices will withdraw. It seems to all depend on the success Governor Beckham and Percy Haley have in their efforts to get Congressman Ollie James to tie up with them and run for Governor when he arrives from abroad, which will be sometime in the next two weeks.

We predict that Congressman James is a bit too wise to be led astray by this gang of political tricksters, if not, we are badly fooled in him. He may run for Governor, but not as a Beckham-Haley candidate to be slaughtered at the polls. The Hon. Ollie is no sucker and knows a thing or two himself when it comes to this political game, or most any other kind of a game as far as that is concern.

Many politicians believe that Beckham's only hope is to induce James to become a candidate for Governor. They say that the tide is sweeping to McCreary almost irresistibly, and that unless James does run Beckham will either withdraw from the race or have the primary called off.

Take the advice of one who wishes you well, withdraw, Percy can't land you, and just think of the ignominious defeat that is in waiting for the "boy Governor." Can't you see the "hand writing on the wall," everybody else can, with probably the exception of your dearly beloved Percy.

As this advice is all gratis we will add, that if you do or do not withdraw from the Senatorial race, cut loose from Percy Haley and the people will have more respect for you. He is too much weight for a colt like you to carry. You are track sore now, your jockey has given you too much work, so take this good advice and go to the stable. If you don't, that old war horse, James B. McCreary, will send you there in November with the brand of "also ran" stamped so deep that the hair will never hide it from the public gaze.

We Are From Missouri.

The intimation that the little falling out between Beckham and Hager is only a sham seems to be growing on the people. It can easily be seen where a fake falling out between these two machine gentlemen to hoodwink the people could work for the good of each machine candidate. Beckham running for the Senate, will be allowed to name his pro rata of election officers; Hager, as candidate for Governor, will be allowed his pro rata. All this under the guise that the two were enemies, when in reality they were only trying to get a majority of machine election officers in every voting booth in the State. It looks as if the machine men have divided for a purpose.

Is it not reasonable to believe this falling out business between Beckham, Hager and Haley, is only a scheme to have complete control of the primary election officers. These three men are known to be the main cogs in this damnable corrupt machine that would stoop to anything to promote their selfish ends. These men have demonstrated to the citizens of Bourbon county that they can no more be trusted when it comes to keeping a promise than you could keep a snow ball from melting in h—l. If they turned the people down in Bourbon why wouldn't they turn the people of the State at large! When it comes to this falling out business, "we are from Missouri."

The Facts Show It.

Senator LaFollette says that the United States Senate at its late session was more representative of the people than the House of Representatives. It must be admitted that the facts show and the reason is plain, that the House chiefly represents the views and wishes of the Speaker and his clique, who are extreme standpatters, friendly to the railroads and trust corporations and forced the House to vote to make the people pay for beef inspection, while the Senate voted that the cost of inspection should be paid by the Beef Trust. To re-elect a Republican Congress means to continue this ring rule.

Dangers of
Defective Plumbing!
 Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs : : : : : Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enameled Ware, acknowledged as the best sanitary equipment.
